<b>Delivery Media</b>			
<b>USB Flash Drive</b> <ul style="list-style-type: none"> <li>• Included for orders over \$50/up to 16 Gb of data.</li> <li>• Higher capacity drives for larger files: from \$25.</li> <li>• Orders under \$50: \$15 each .</li> <li>• *\$15 per additional copy (recommended backup).</li> </ul>		<b>DVD or Blu-Ray: Up to 2 hours of media per disc</b> <ul style="list-style-type: none"> <li>• DVD: \$35 per disc/\$25 per additional copy.</li> <li>• Blu-Ray: \$50 per disc/\$35 per additional copy.</li> </ul>	

All orders are inspected and a quote is provided for your approval before production. A 50% deposit is required upon approval. We will give you an estimated delivery window, however once work begins, depending on the age and condition of your media, we sometimes find that they may need more TLC than anticipated. We will notify you if more time is needed, and if this affects labor and material costs, we will contact you for approval. If the order is cancelled due to additional cost, the deposit is refunded less a \$150 labor **fee** for the inspection and evaluation process. If deliverables were already completed, the deposit is refunded less the value of the completed deliverables plus a \$150 labor fee. If the deposit does not cover this, the balance due will be invoiced.

We keep your media on our hard drives for **30 days** following delivery. To protect against data loss, we strongly recommend that you make a **back-up** copy of your transferred media onto another drive right away, or let us do it for you by ordering extra flash drive copies and safely storing them away.

We, and our trusted Pro Lab, take great care in the handling of all materials and treat them as if they were our own, however all media has the potential to deteriorate over time. By presenting your media for digitization, **you agree** that we, and our trusted Pro Lab, are not liable for any data loss or media damage, or for any damage to your media caused by us that may occur due to factors beyond our control, including, but not limited to, age-related deterioration, our handing of your media, insuring damage or loss caused by machine malfunction or during tracked shipping to us or back to you.

\*Larger capacity flash drives maybe needed based on the size of your image and video files, custom quoted.
